Time to Relax...

Our natural country setting is echoed throughout everything at Whinstone View Spa, from the decor to the Decléor products we use. Decléor facials and body treatments are famous world wide for their heavenly feel and simply stunning results.

Luxury Jessica nail treatments are available whilst sitting at our nail bars taking in the country views and beautiful grounds.

Whether you need a relaxing facial, a renewed manicure or a refreshing pamper, you will leave Whinstone View Spa feel revitalised.

Whinstone View Spa would like to create a little oasis of calm during your time with us. Therefore we ask all mobile phones to be switched off before arrival.

We ask all new clients to arrive 5 minutes prior to their treatments, however if you are running late we will do our best to accommodate you. However your treatment time may be shortened in consideration of the following clients appointment time.

The minimum age is 16 and we regret we can not accommodate babies or small children in the spa. Please do not hesitate to contact us if you have any special requirements or questions.

If unfortunately you have to cancel, please give us as much notice as possible. Cancellations made less than 24hrs in advance may incur a 50% charge of the treatment price or loss of any deposit made.

GIFT VOUCHERS

Whinstone View gift vouchers are a great idea for everyone, especially those 'difficult-to-buy-for' people. Our gift vouchers can be used anywhere at Whinstone View and are valid for 12 months.

DERMAQUEST

"Working inside out, instead of outside in"

Skin peels and resurfacer treatments are designed to exfoliate your skin and encourage it to refresh itself by creating fresh new skin cells. They also stimulate the skin's natural collagen production to help target the appearance of fine lines and wrinkles.

Skin peel treatments make use of acids and enzymes to exfoliate away layers of the skin to reveal fresher, clearer, more youthful looking skin beneath the surface. Resurfacers are a milder type of skin peel and are sometimes referred to as 'superficial exfoliating treatments'.

The powerful blend of ingredients in skin peels work to visibly reduce the appearance of open pores, remove dead skin cells, target blemishes, acne and pigmentation, and visibly smooth fine lines and wrinkles.

DERMAROLLING

Dermapure Dermarolling - £80 **Course of 3 - £200**

Dermapure Dermarolling system uses a process of advanced skin micro-needling to produce natural, long-lasting results in skin rejuvenation using the Dermaroller.

The advanced micro-needling procedure is designed to stimulate your skin, encouraging it to regenerate and repair itself naturally, producing smoother, brighter, younger and healthier looking skin.

The Dermapure Dermaroller treatment is clinically proven to be effective on:

- Scars (including acne)
- Sun damaged and ageing skin
- Facial and decollete lines and wrinkles
- Stretch marks

Maximise results and get your skin looking its best by combining micro-needling treatments with one of our Dermaquest skincare programmes.

Dermarolling is a natural skin regeneration and Scar Repair Therapy.

HOW DOES IT WORK?

Dermarolling is designed to produce thousands of micro-needle columns in the skin, which in turn stimulates the skin to naturally regenerate and repair itself. As part of this stimulation new collagen can be formed, new skin cells generated and the structure of the dermis, the lower level of the skin enhanced.

WHAT RESULTS CAN I EXPECT?

This natural process takes time, it can take up to six weeks before you see significant results - although the process will continue over the following months and several treatments are usually required. The results are not only smoother, brighter rejuvenated skin, but it can also lead to an improvement in the appearance of acne scars and stretch marks.

WHAT DOES THE TREATMENT INVOLVE?

Before your treatment is started your skin will be numbed with topical anaesthetic (can take up to 40 mins), so you'll remain comfortable throughout. The recommended treatment course is usually six treatments between 2 - 6 apart.

AFTER THE PROCEDURE

In the days following your Dermarolling procedure as the skin starts to regenerate and repair itself it may well feel drier than normal. Our Therapists will advise what specialist skincare is recommended to optimise your procedure.
